GOLDEN SAFETY RULES

Confident | Skilled | Competent Our Path to Achieve Zero Harm

SAFETY FIRST — CD FUNDAMENTALS

Safety starts with the employee. Never walk past unsafe acts or conditions. Never remove, bypass or modify a safety device without authorisation.

DELINEATED AND HAZARDOUS AREAS

Never enter a delineated hazardous area without authorisation. Restricted work zones are confined spaces, any area involving welding or hot work activity, working with explosives (blast zones, magazines) and incident investigation zones.

SUPERVISION IS ACCOUNTABLE

Leaders influence the culture of a zero harm environment.

LIFTING/SUPPORT GEAR

Lifting work is a restricted work zone and activity.

DRILL RIG, FIXED PLANT AND MOBILE **EQUIPMENT OPERATIONS**

Restricted work activity - Only operate if you have been trained, assessed and obtained a company permit and undertaken an inspection. Operate to expected standards and training.

WORKING ON / NEAR WATER OR MUD

Working on/near water or mud is a restricted work zone and activity.

ROAD SAFETY AND TRAFFIC RULES

Drive to conditions and comply with project rules when on site. Use journey plans and comply with Government laws when on public roads.

LAND CLEARING

Land Clearing is a restricted work zone and activity.

ISOLATION AND LOCKOUT / TAG OUT

Isolate, lock out or tag out equipment being worked on.

Never remove an employee's Underground Tag from the Tag Board or Personal Danger Tag from a piece of equipment.

ALWAYS PROTECT YOURSELF FROM **UNSTABLE GROUND**

Regularly assess ground and high wall conditions for movement, cracking, rock falls or signs of instability.

ELECTRICAL SAFETY

Working with electrical devices is a restricted work activity.

MANAGE RISK

Identify hazards and manage risks. Ensure controls are appropriate and robust.

WORKING AT HEIGHTS

Working at heights is a restricted work zone and activity.
